HONDAFEST WEEKEND

HondaFest will, for the first time, be a two day event in 2018. The event program has therefore been divided over the weekend. On Saturday, the 26th of May, participants are welcome starting at 10 o'clock a.m., after which the track program will start at 12 o'clock with track sessions. The evening program on the track, will start at 8 o'clock p.m., after which all visitors are welcome to join the party. The Sunday will be the main day, with a Honda filled paddock, the Sprint Competition on the track and the regular track sessions throughout the day. And while companies will get two days of exposure, the exhibitor prices are comparable to last year.
